The devotional period was taken by Mrs. (Rev. Dr.) Magowan, Mrs. N. McKinnon and Mrs. Christie, of Coleman. The guest speaker, Mrs. J. Boorman, of Blairmore, brought a stirring and challenging message, speaking from St. John 14:31. "That the world may know that I love the Father."

Love for God she said is the primary discovery for all ages, children, youth and adults. She urged the need of prayer and money for the spread of Christ's kingdom through missionary work.

Mrs. S. A. Fraser gave the address of welcome and Miss Lenore Morgan and Mrs. (Rev.) Haythorne of Blairmore, played pianoforte selections.

Thanksgiving and dedication hymns were used, with Mrs. A. Colclough accompanying.

Successful X-Ray Clinic Held in Blairmore

A very successful TB X-Ray Clinic was held in Blairmore recently with a 100 per cent attendance. A very efficient staff was on hand to look after the registration of all applicants. The Ladies Auxiliary of the Canadian Legion were responsible for this work. A great deal of credit is due to all these ladies who helped in any way with this work. A vote of thanks also goes to Mayor Enoch Williams and the Town Council for their efforts in bringing the Clinic into Blairmore.

The school teachers and pupils were also a credit in making this the success it was.

Remember, folks, that this Clinic is made available to everyone by your purchase of TB Christmas Seals, so remember this at Xmas time when you have to purchase Seals for parcels, letters, etc. We hope all much worthy projects will be supported in this the wholehearted way by all the people of Blairmore and keep up the good work.

I would ask you to convey our sincere thanks to them and to all their associates for a very fine job.

Yours very truly,

WEDDINGS

PILFOLD-DUDLEY

A quiet wedding of wide interest took place on Wednesday at 11 a.m. in the Vestry of the Blairmore United church, when Mae, daughter of Mr. John Dudley and the late Mrs. Dudley, of Hillcrest, became the bride of Charles Pifold, son of Mr. and Mrs. Jack Pifold, of Blairmore. Rev. T. R. Haythorne read the marriage lines.

The bride, who for the occasion a white wedding dress, styled with a flared skirt top with a fitted bodice featuring a soft round neckline set off with a three-strand necklace of pearls. She wore a blue sequined jacket and her corsage was of pink roses.

Miss Ellen Pifold, sister of the groom, as bridesmaid, was gowned in blue crepe with matching hat and her corsage was of carnations.

Jack Dudley, the bride's twin brother, attended the groom.

After the ceremony a reception was held at the home of the bride's sister, Mrs. C. Coover, of Coleman, after which the bridal couple left for Lethbridge where they took the plane for Vancouver to spend their honeymoon. For travelling the bride wore a grey wool dress with matching hat, and a top coat of burgundy. Her accessories were in black.

Upon their return Mr. and Mrs. Pifold will reside in Blairmore.

GUNN-LAZARENKO

The vestry of St. Camille church in Calgary was the scene of a pretty wedding on Saturday, Oct. 16, at 2 p.m. when Nettie, daughter of Mr. and Mrs. A. Lazarenko, of Hillcrest, was united in marriage to Stephen Gunn, of Calgary.

The bride, who was given in marriage by her father, was gowned in a two-piece woolen dress in crushed strawberry shade, complemented with gray accessories. Her corsage was of yellow roses.

Miss Mary Lazarenko, sister of the bride, was her only attendant. She wore a gray street-length dress with navy accessories, and a corsage of pink roses.

Mr. Lucien Clare, of Calgary, attended the groom.

Following the ceremony a reception was held in the south dining-room of the Palliser hotel.

For her daughter's marriage Mrs. Lazarenko chose a burnt sugar ensemble with a corsage of yellow roses. The mother of the groom wore a navy pin stripe suit and matching hat, her corsage being of pink roses.

Joe Siska Reunites Czechoslovak Wife

After 24 years separation, Joe Siska and his Czechoslovakian wife met in Calgary on Tuesday, Oct. 19, where Mrs. Siska arrived at the airport following an aerial trip from the old land.

A native of Habovka in Slovakia, Mrs. Caroline Siska, age 44, is so thankful to get to Canada and very happy to be in the mountains like own country and with her husband again; happy to be away from "the country where the Russians are, and where the people were not happy when Benes died."

Joseph was a poor miner in Slovakia in 1924 when he decided to make his fortune in Canada. Having no money to take his wife and new-born child to the new land, he left alone and eventually settled in Blairmore as a miner. However, he managed to save enough money so that the wife, son Julius and the grandmother could live.

During the war, Joe saved his money and purchased \$2000 worth of Victory Bonds in the wife's name, sent her food parcels every week that cost him an equal amount. He had already sent nearly \$10,000 to his family overseas during the 24-year period.

Caroline left her native land on Oct. 15 by air to Paris, to London, to Montreal and then to Calgary, where she waited patiently for her husband who she had phoned and who was to arrive by taxi.

After a long tiresome trip for Mrs. Siska the happy couple have settled down in their little home in Blairmore.

Miss Margaret Pifold of Kelowna is spending a two-week vacation in Blairmore, guest of her uncle and aunt. While here she attended her cousin Charlie's wedding.

EVERYBODY'S BUSINESS

by Don Graham

"You've Gotta Accentuate the Positive" says the popular song of yesteryear. And it's true!

The men and women who have accomplished big things in science, art, business, education, political and military affairs have all been positive thinkers. They had to be! Otherwise risks, mistakes, obstacles and laziness would have stopped them.

A barber once told me he wanted to open his own shop. But he never got around to it. Fear of failure held him back.

Negative thinking is likewise typical of all the people who are habitual fault-finders, indecisive, lazy, defeatist and over-cautious. They act as brakes against the world's progress.

Yes, we need more folks who accentuate the positive. And they themselves are happier, more successful in their work and enjoy better relationships with others!

An important positive force for national progress is the millions of dollars invested by life insurance companies, on behalf of policyholders, in public works and industries which promote higher standards of living for all.

Havens For The Displaced

ONE OF THE GREATEST and most grave of the human problems arising from the war is that of the hundreds of thousands of displaced persons left in the areas of Germany, Austria and Italy now occupied by the Western powers. Accommodated in camps, these people have awaited the fulfillment of the promise that they would some day be given the opportunity of finding new homes and making their living in lands where their freedom and independence would be assured. Although this intention has not been altered in any way, and havens have been found for many, a great many are still waiting to be placed, after more than forty months in "D.P." camps.

Some Returned To Native Land

In spite of the fact that the International Refugee Organization reduced the number of people in its care by 244,000 during the first year it was in operation, 600,000 remained to be placed at the first of May of this year. Of the 244,000 removed from the camps, 77,000 were repatriated and 167,000 emigrated overseas and to various parts of Europe. It was intended that homes should be found for all displaced persons in the Western-occupied areas inside of three years, and it is apparent that the work will have to be considerably accelerated if this time limit is to be met. Lack of shipping space and the fact that many of the countries which had participated in the formation of the Refugee Organization were willing to accept, for the most part, only able-bodied workers for specific tasks, have made the problem more difficult.

More Progress Now Expected

It is now expected that there will be greater progress in this undertaking as shipping space becomes less scarce and more countries show willingness to accept displaced persons and it is now hoped that 380,000 will be placed during the next year. Twenty per cent. of these are expected to go to Western Europe, where the need for additional labor is urgent. An equal number are expected to go to Latin America, while the United States will admit 205,000 during the next two years. Australia plans to accept the same number eventually, and has provided for the arrival of 20,000 next year. Canada has expressed the intention of opening her doors to 60,000 next year, and to 40,000 in succeeding years as long as the need remains. Canada has already admitted 40,000 displaced persons and Canadians have reason to be proud of the part their country is playing in solving this great world problem.

Saskatchewan Men Buy Alberta Coal Mine

EDMONTON. — A group of businessmen headed by B. J. Kern of Regina have bought the Lakeside Coal Ltd. mine at Robb, Alta., 33 miles south of Edson, Alta., for about \$300,000, it was learned here.

A disastrous fire closed the mine four years ago and it is estimated it will cost about \$250,000 to put it in operation again. The mine produced a hard type of coal.

Other Saskatchewan men concerned in the purchase are Roy D. Trumble, James Mortenson, both of Swift Current; Alan Booker, Lorne Kerr and J. A. Matheson, all of Gull Lake.

900,000 WEAR GLASSES WITHOUT EXAMINATION

LONDON.—Nearly 900,000 elderly persons in Britain who wear glasses have never had their sight tested, Sir William Douglas, secretary to the ministry of health, said.

He said that during a medical survey in Wolverhampton one-third of those questioned said their glasses were unsatisfactory, while one-sixth wore glasses bought from a general store.

How To Get Quick Relief From Sore, Painful Piles

I can help most pile sufferers. I believe I can help you too if you want relief from the itching, soreness and burning pain of piles.

My Hem-Roid treatment is different. Hem-Roid is an internal medicine—a small tablet taken with a glass of water. It corrects the conditions inside your body that cause such intense pile soreness and pain.

But I'll be honest with you. Hem-Roid seems to help pile sufferers more than others so I want to protect those who are not satisfied. I refuse to ask people to pay for something that does not help them as much as they expect it to. If Hem-Roid helps you, surely it is worth the small cost. Otherwise, you will have your money back. I'll take your word. I find people are honest about such things.

All I ask of you is you use Hem-Roid as directed for 10 days. Then if you are not satisfied, return your Hem-Roid and get your money back. This is an unusual offer for Hem-Roid is an unusual medicine. It has been sold on a refund promise for over 16 years. I am not asking for many refunds so it must help most people who use it. At all drug stores.

BLAME CHICKEN HAWK FOR CHILD'S DEATH — A marauding chicken hawk was blamed by provincial police for the death of five-month-old Jeanne Neault, as she played in her carriage on the front veranda of her parents' home at Grande Metre, Quebec. While the child's mother, Mrs. Jean Neault, was busy with her housework, police believe the hawk, which already had carried off a number of chickens in the district, landed on the baby's forehead and tore its face to ribbons. Mrs. Neault found her child dead when she went to bring it in. Part of the baby's nose had been torn away and the chin partially clawed. —S.N.S. photo.

FUNNY And OTHERWISE

The master of the house was surprised to find a plump turkey served up for dinner one evening. He made enquiries and was unable to learn about a turkey having been bought. Finally he enquired of Sam, the general handyman of the household.

"Why," Sam explained, "dat turkey was 'savin' on our back fence for four nights, so dis mornin' I jest seized him for rent of dat fence."

When the motorist who had crashed into a telegraph pole and brought down the wires recovered consciousness, his hands were clutching the wires.

"Thank Heaven," he exclaimed, fervently. "It's a harp!"

Father: "Hallo! Where's Alfred gone to?"

Mother: "He's in the ice as thick as he thinks it is, he's gone skating, but if it is as thin as I think it is, he's gone bathing."

Auntie: "Do you ever play with bad little boys, Willie?"

Willie: "Yes, Auntie."

Auntie: "Why don't you play with good little boys?"

Willie: "Their mothers won't let me."

"Iceland," said the teacher, "is about as large as Siam."

"Iceland," wrote Willie afterwards, "is about as big as teacher."

"Ah, there you are, waiter. The sea air has made me hungry. I think I'll have some chicken. It must be a young cockerel, this year's bird, and I want a leg—nothing else, mind."

"Certainly, sir. Right or left leg?"

"How are you getting on in your new place, Nora?"

"I think I'm going to like it. Yesterday I overheard the mistress say I performed my duties in a very perturbed manner. That's the first praise I've had from her."

The delivery boy from the fishmonger's presented his package to the servant girl with the simple announcement, "It's C.O.D."

"So you've just got back from your holiday. Feel any change?"

"Not a cent."

Banker: "I'm proud to say that I'm a self-made man."

Doctor: "You're lucky. I'm the revised work of a wife and three daughters."

Church In Need Of Ministers

VANCOUVER.—United Church of Canada is 405 ministers short and finds it hard to find men for its expanding work.

Low pay causes the public shortage, some commissioners suggested at the church's general council here.

Rev. Allan H. Ferry of Toronto said the meagre position is "preventing the young men from joining the ministry."

Said another Toronto minister, Rev. H. G. Tuttle: "Too many of our ministers, particularly younger men, are leaving the ranks, some for other fields of service and others to ministries in our sister church across the international boundary."

Butter Supply Assured For Winter Months

OTTAWA.—Assuring Canadian consumers of an adequate butter supply throughout the winter months, the Canadian Government has completed arrangements for the purchase from Denmark and Australia of an additional 6,000,000 pounds of butter, bringing the total amount to be imported to approximately 15,000,000 pounds, it was announced here.

In making the announcement, Rt. Hon. C. D. Howe, Minister of Trade and Commerce, said he thought this importation of butter would take care of the minimum requirements during the seasonal shortage in this country.

Most Farmers Across Canada Harvested Better Crops This Year

CANADIAN farmers have just about finished the harvest of a bumper crop. A Canadian Press survey showed that all provinces except British Columbia and Nova Scotia expect more valuable yields than in 1947. Despite late planting, due to a rainy spring and an exceptionally dry period in late summer, most crops are above average.

The farm labor supply remains scarce in all provinces. National employment offices reported that in most instances they were unable to provide enough harvest workers through transfers from one province to another. Displaced persons have helped to alleviate shortages.

Wages to farm laborers increased all across the Dominion. On the prairies workers got \$6-\$8 daily. In New Brunswick a fast potato-picker can earn \$20 a day.

The Nova Scotia apple crop, estimated at 1,000,000 barrels, is about half normal. Other crops grew well after a slow start. The apple crop may be worth \$4,000,000. New Brunswick may have one of the best crop years in history. Potatoes, the biggest cash crop, are expected to equal or surpass the 1947 yield of more than \$16,000,000.

East Good. Quebec farmers will harvest one of their best yields. Estimates place the value at more than last year's \$102,000,000.

The estimated value of Ontario field crops is \$386,881,000 compared with \$280,840,000 last year. The fruit and vegetable yield is down from \$56,415,000 in 1947 to about \$50,443,000.

Good Quality. Saskatchewan crops are better in both yield and quality. About half the marketed wheat is grading at No. 1 Northern. Only 11 per cent. received this grade last season. Wheat is averaging 13 bushels to the acre, compared with 12.2 last year.

Alberta crops are reported better than in 1947 when they brought in \$238,000,000. About 117,000,000 bushels of wheat will be harvested at an average yield of 18.5 bushels to the acre—better than expected after a wet spring and late planting.

In British Columbia's Okanagan Valley there is a big crop of good-quality apples. Other fruit crops were adversely affected by a wet summer, and reduced quality is reported in some cases. It is expected that the total crop value will fall far below last year's peak.

KITCHEN MEDITATIONS

The Musician

By JANE DALE

The wind played the music and set the leaves a-dancing. And to fro around the yard. As the beats grew faster the leaves skipped higher.

Out across the boulevard. The wind played the music and the flowers swung together. Upon their long dry stalks. The notes were enticing and the flowers swayed so gaily. They shed their petals on the garden walk.

The wind was the piper and the birds heard the music. As they flew from tree to tree. The notes were a farewell; the birds headed southward. With the wind as company.

The wind played wild music; the children thrilled to hear it. With its promise of ice and snow. The notes were as stirring they set young feet to dancing. With eyes and cheeks aglow.

The date for Easter was established by the Council of Nicea in 325 A.D.

- 2 cups sifted flour
- 1 teaspoon salt
- 2 teaspoons baking powder
- 1/2 cup shortening
- 1/2 cup milk

Make syrup of sugar, water, and nutmeg and cinnamon; add butter. Add milk all at once and stir until moistened. Roll 1/4 inch thick; cut in 5-inch squares. Arrange 4 pieces of apple on each square; sprinkle generously with additional sugar, cinnamon and nutmeg; dot with butter. Fold corners to centre; pinch edges together.

Woman Operating Fur Trading Post Scorns Dictates Of Fashion

WINNIPEG. — The "new look" neither appeals to Mrs. Emma Johnson nor is she obliged by the dictates of fashion to wear it. Virtually the year-round she wears slacks or ski pants, sweaters and a parka.

Mrs. Johnson, widow of a year who has two children, runs a fur trading post at Lost Bay on Uchi Lake about 35 miles from the mining town of Red Lake, Ont. She likes the life so much that she hasn't the slightest intention of "returning to civilization."

"I think I'm the only woman in

the fur-buying business in northern Ontario," she said. "I certainly don't claim to be the only one in Canada because I've read about others in the northwest and in Quebec. But I was the only one at the traders' meetings in Sioux Lookout recently."

Born in Brussels, she came to Winnipeg with her parents as a child. Eight years ago she went to Uchi Lake and shortly after she married the trading post manager.

"I learned a lot about fur from my husband but when he died a year ago I felt I was plunging into something quite new. However, I'm learning."

Mrs. Johnson is also learning Cree because she feels it is necessary to speak the language of the great majority of the trappers in her area.

About clothes, she says: "New look! No, I don't like it. It's clumsy. But then, up there I wear slacks, ski pants, sweaters, parka, when I'm not handling furs or supplies in the store I'm getting wood or water or doing housework. There's really not much time to worry about clothes."

Mrs. Johnson brought her two children, George, six and Lida, three, to Winnipeg. George is to start school while Lida will have her tonsils removed.

Of the future, she says: "I'll stay there and keep the business going. As long as I can make a living for my children and myself I'm not worried. In fact, I kind of like it."

Committee meetings in connection with this year's Remembrance Day services on Nov. 11 are being held regular to plan for the observance of this annual event. More on this subject when the various details are rounded out. At present we may state that the day will feature the annual parade of ex-service personnel to the service in the Orpheum theatre, also to the Cenotaph, followed by a banquet in the Legion clubrooms immediately after. The banquet will be open only to those who have membership cards in the Legion.

Posters have been issued from The Graphic office announcing the annual IODE ball Nov. 10. This is one of the social events of the year.

Hallowe'en is coming round again! When your doorbell rings, be ready with this grand Purity Pumpkin Pie... made with Purity Flour... of course! Here's a melt-in-your-mouth pastry recipe.

PURITY PASTRY (enough for 2 pie shells)

Sift together 1 1/2 cups PURITY FLOUR and 1/4 teaspoon salt. Cut FLOUR and salt into mince with two knives, until it looks like very coarse meal. Add 3 tablespoons of water, mixing with fingers to hold mixture together. Chill dough for 5 or 10 minutes and use one on a lightly greased board. Roll with a light quick motion to 1/4 inch thickness. Press dough lightly into pie plate so that no air bubbles are trapped, and trim of the edge.

FILLING (1 pie)
Beat 2 eggs only until whites and yolks are well blended. Gradually beat in 1/2 cup white sugar, and add 1 teaspoon cinnamon, 1/2 teaspoon salt, 1/2 teaspoon nutmeg, 1/2 cup of heavy cream, and a few grains of salt. Stir in 1/2 cup milk. Pour mixture into pie plate lined with pastry and bake in hot oven (350°F.) for first ten minutes, then reduce to medium heat (325°F.) and bake for 20-25 minutes, or until filling is firm. Cool and serve with a whipped cream or decorate with white icing. (Filling recipe may be doubled if you wish 2 pumpkin pies.)

Remember, Purity Flour, specially milled from hard wheat—is best for all your baking.

The Mutual Life Assurance Company of Canada

ESTABLISHED 1868
HOME OFFICE
WATERLOO, ONT.

October 1, 1948.

OFFICE OF THE
PRESIDENT

To our Policyholders:

On September 28, the volume of insurance in force in our Company passed the billion dollar mark. This outstanding achievement is highly significant in that 98% of this insurance is on the lives of people in Canada and Newfoundland—for this is a Canadian company operated for Canadians.

It is a notable milestone in the progress of our Company—a long stride forward since those days over 78 years ago, when the founders had to sell five hundred policies before they could secure Government permission to operate a mutual life insurance company.

But, it means more than this.

It is proof of the public's ever-growing consciousness of the advantages of mutual life insurance.

It is proof that Mutual Life of Canada policies fit the needs of Canadians in all walks of life.

It is proof of intelligent and sympathetic service by the Company's representatives.

It is proof that this Company has won a leading place in the confidence of the Canadian public.

The policyholders are to be congratulated on this achievement which has been due largely to the confidence they have shown in the Company by recommending it to their friends and by keeping their own insurance in force through the years.

SQUATTERS EVICTED FROM ARMY BARRACKS—Seven squatter families evicted from the old Jacques Cartier army barracks in nearby Montreal South were provided with shelter by the Longueuil, P.Q., Boy Scout troop. The squatters who seized the barracks nearly two years ago, were evicted by R.C.M.P. to make way for families of permanent force soldiers who will move into the quarters. Army authorities said eviction notices had been served on the families last April but none had made any effort to leave. Above Jimmy Desrocher, one of the children evicted from the barracks, is seen with his dog "Trigger".—S.N.S. photo.

RECOVERS FROM ILLNESS TO RETURN TO CANADA—When Charles Britnell arrived back in Canada with his English war bride and two children, he was minus his right leg because he had taken a temporary job in England while awaiting passage to Canada. Mr. Britnell, while working with a railway, fell beneath a moving train and his right leg was severed at the hip. His left leg was broken in four places. After a slow recovery, Charles and his family returned to Canada and settled at Angus, Ont. Above Charles is seen with his wife and two sons, Roger and Kenneth.—S.N.S. photo.

PLAYS "SANTA CLAUS" TO SCHOOL CHILDREN—For as long as he lives and maybe longer, 65-year-old Mayor Stanley Knight plans to give annually to every one of Meaford, Ontario, public school children, a cash present on their birthdays. The gift money for this year, which more than half of the 350 enrolled children already have received, will be completely distributed by the end of December. It is arranged to encourage students to earn promotion. This is the first year. A child in the early grade receives 50 cents; the presents then rise by 10 cents a grade, with grade eight students getting \$1.20.—S.N.S. photo.

OUR COMPLETE SHORT STORY

MARKED BY TAG

By JOHN T. KIERAN

YES, Sergeant, Flypaper Haley was saying, "This job was pulled by Joe Tabor, all right. There hasn't been another crackman in town for a year. Seems like birds like him would have more sense after getting their wings clipped once. He's back, you know, to marry that girl."

"Yes. And it's too bad for her," the old sergeant said. "She's certainly stuck by him, I'll say that. And he repays her by getting in deeper than ever within a week after he gets out."

"I'll say he's in deeper'n ever. I don't guess he figured on killing old Hagan. Just thought he'd crack the safe and have a lot of money to get married on. He no doubt knew the store'd had a big sale that day."

"Well, I'm sorry for her," commented the other. "After all the disgrace and her sticking by him the two years he was in str. It kinda looks like he'd get it for good this time."

He and Flypaper—who had gained his nickname by his persistency on the trail of a criminal—went down to Tabor's cell. The young fellow was sitting disconsolately on his bunk. He seemed a decent appearing, average looking fellow. The face he turned to the men was not at all furtive or sly. The girl was there with him, standing outside the cell. Traces of tears were on her face. She looked at the sergeant's half in fear, half in appeal, twisting a limp handkerchief between her fingers.

"Well Tabor, you certainly got yourself in good this time, didn't you?" asked the sergeant.

Tabor didn't answer at first. "Two years in prison had taught him tact, turn of mind and caution. Then finally he answered, 'Sergeant, I admit I had it coming to me two years ago, even if I wasn't in the men's room at the blowing. I got in with that gang before I met this girl, and before I knew it I was doing time for the whole bunch. They deserted me, just let me ride. But when I saw how she stuck to me, I'd avoid even the appearance of evil after I got out.'"

"Too bad you couldn't have stuck to your resolution like she stuck to you."

Tabor had nothing more to say, and in a minute more Flypaper and the sergeant left. The last thing the latter saw was the girl's trying to hold back more tears, a shame, a shame, he muttered. "An attractive girl. She oughta get more out of life than this."

Store had been blown late Saturday night. Old Hagan, the merchant policeman, hearing the explosion, had opened the door with his skeleton key and rushed in. A bullet had ended his life. Earlier in the evening Flypaper Haley had seen Tabor swing off a freight, and that was evidence enough for him who did it. And to add what further proof was necessary, Andrews, manager of the clothing store, had quickly identified Tabor as the man who had peered into the window late that night when all but he had left the place.

The sergeant walked down to The Central just as Andrews was unlocking the door. "Hard luck," he greeted the slender, pleasant young man.

"But we might still be able to get that money back for you."

"I hope so!" Andrews replied fervently. "Else it'll probably be the gate for me as manager. I had no business to leave that much money in the safe. But we were so busy with the sale about these o'clock that I forgot to go to the bank."

"About what time did it happen?"

"Oh—well, it was after midnight, anyhow."

"That would have given Tabor plenty of time to have done it after he hit town."

"Yes. It wasn't done any earlier than that. And Tabor's the man I saw peering into the window. I recognized him again the minute Haley took me to see him."

"I take it that you were here until about twelve, then?"

"Yes. And the lateness was why Tabor took so little pains to conceal himself when he looked in, I guess. Probably thought everyone was gone."

"He paused. 'But I happened to have quite a bit of work to do, getting ready for Monday's trade, taking the sale tags off of everything left from the sale, and all that.'"

"They went over to the shattered safe. The sergeant examined some of the charred pieces of clothing that had been piled over and in front of the safe to muffle the explosion, 'But smoldering when the soup went off, I see.' He paused. 'It was had enough for him to do this without killing Old Hagan.'"

He straightened up. "Let's go over to the jail. Maybe two of us can make him talk. I've got something here that may throw some light on the affair."

In a few minutes they were in his office. Flypaper had his feet cocked on the desk, and the sergeant sat down, putting his up on the other side. Rolling a cigar around in his mouth he regarded his fellow officer with a triumphant eye. Andrews took the one extra chair.

"Andrews," the sergeant asked, "you say you stayed in the store until after quitting time to take the sale tags off the left-overs, so's no one could claim them at the sale price Monday morning?"

"Exactly," Flypaper replied. "Well," the officer broke in irreverently, "I lied to you just a little. I wanted to get you to jail, peaceful like."

"What do you mean?" Andrews rose in anger from his chair.

"Careful now! Next time you try to shift robbery and murder onto an innocent man, be sure you don't tell a false story why you hung around the scene of crime. You hadn't meant to say anything about that. But you had to when I asked how you happened to be there late enough to see Tabor. But listen! You yourself blew the safe so the robbery would look like an outside job. And all those pieces of clothing you piled around it still had sale tags on 'em!"

MOTHER FIRST, QUEEN SECOND... JULIANA—Queen Juliana of the Netherlands and her consort, Prince Bernhard, caught in an informal pose trying to coax the youngest member of the family to put on her best behavior for the camera. The children are Princesses Beatrix, Irene, Margriet (who was born in Ottawa) and Maria Christina. The queen has already made it clear that even the responsibility of becoming the ruler of the Netherlands will not be allowed to interfere in the way her home is run or in her care of her four daughters.—S.N.S. photo.

MEDICINE HAT, Alta. — British capital, totalling \$40,000,000 may be invested by British industrialists in Alberta. Major James J. Ros, economic analyst, and Morgan Walton, British electrical engineer, are on a survey of Alberta's materials to about 500 persons with grade XI and XII standing who attended a six weeks' training course this summer.

WINNIPEG. — Qualified teachers are at a premium in Manitoba. The provincial department of education already has issued permits to about 500 persons with grade XI and XII standing who attended a six weeks' training course this summer.

LEADER, Sask. — A series of meetings in agricultural district No. 11 have been arranged by V. Ros, agricultural representative, and the respective agricultural committees in each of the municipalities in the district, the municipalities to take the form of farm variety shows.

VICTORIA. — Every province in Canada except Prince Edward Island contributed to the influx of families into British Columbia during September. W. R. Bone, regional director of family allowances, announced. The figures show that 520 families receiving allowances came to B.C., while 370 left, a gain for B.C. of 150. Saskatchewan led, sending 344 families and taking 78.

EDMONTON. — Unwelcome tourists are reaching Alberta from Saskatchewan and points east and J. H. Brown, provincial entomologist, is warning Albertans to watch for them. He says the province, believed the only comparatively rat-free section of the northern hemisphere, is in danger of losing its title.

ESTEVAN, Sask. — Albert Blondeau walking on a hill near his home one and a half miles southwest of Estevan discovered some scattered bones believed to be those of a human. Mr. Blondeau said there was no evidence of a coffin, and it was believed the grave might be that of an Indian.

MANITOBA CROPS AVERAGE \$4,000

WINNIPEG.—Average net return for each Manitoba farm during the 1948 crop year likely will approximate a record \$4,000, the provincial department of agriculture reported. The 1947 figure, on the basis of 52,500 farms in the province, recorded up to that time.

The department added that in no year in the province's history has so big a percentage of the crop gone into storage with so little loss by weather deterioration.

RED CROSS OPENS OUTPOST HOSPITAL

ARBORFIELD, Sask.—An outpost hospital at Arborfield, 35 miles northeast of Tindale has been opened by the Red Cross to serve emergency and maternity cases. A home in the village was renovated during the summer, and now contains six beds, a nursery, X-ray facilities, a laundry and quarters for the staff. Miss Marie Killen is nurse in charge.

To freshen teapots, boil a mild solution of vinegar in them.

Farmers To Get \$14,000,000 Aid

REGINA.—The Federally-operated Prairie Farm Assistance Act will pay 60,000 farmers in the three Prairie provinces \$14,000,000 for the crop season 1948-49.

R. F. McGregor, P.F.A.A. director, in making the announcement, said cheques covering 60 per cent of the total will be mailed in December. The balance will be mailed in March, 1949.

Some 2,000 townships in the three provinces will benefit under the act. Mr. McGregor said crop loss this year was due mainly to drought, although grasshoppers caused damage in some areas.

Saskatchewan's slice of the total will be \$12,000,000 to be distributed to 1,300 townships. Alberta draws \$1,500,000 for 500 townships and Manitoba the remaining \$500,000 for 200 townships.

Europe's Harvest Reported Good

LONDON.—Most of Europe's harvest is in, and it's the biggest since before the war.

In almost every country reporting in an Associated Press survey, there were heavy yields of grains and vegetables—heavy enough, probably to permit relaxation of at least some food rationing orders.

Last year, when Europe was in direst need, drought ruined many crops. This year rainfall has been ample and increased acreages were under cultivation.

In the opinion of some experts, the big crops came in the nick of time and should help to ease political and social tensions.

No over-all statistics on the Russian harvest are available, but everything indicates it is good.

Claim Staking In Saskatchewan New High Record

REGINA. — A record 731 quartz mining claims have been recorded in the Precambrian areas of Saskatchewan so far this year, according to a statement by Resources Minister J. H. Brocklebank. Saskatchewan's most active staking year before was 1936 when the Lake Athabasca gold rush was on when 651 claims were staked.

First Aid Hints for . . . **SPRAINS and STRAINS**

When, by sudden wrench or twist, the ligaments and the parts around a joint are stretched or torn, the joint is said to be sprained.

SPRAINS:

SIGNS AND SYMPTOMS:

1. Pain at joint.
2. Inability to use the joint without increasing the pain.
3. Swelling and, later, discoloration.

TREATMENT:

1. Place the limb in the most comfortable position and prevent any movement.
 2. Expose the joint and apply a firm bandage.
 3. Wet the bandage with cold water and keep it wet.
 4. When this ceases to give relief, take the bandage off and re-apply it.
- In all doubtful cases treat as a fracture.

STRAINS AND RUPTURED MUSCLES:

When, during severe exertion, muscles or tendons are over-stretched, they are said to be strained; or, if they are actually torn, they are described as ruptured. A so-called strain in the groin (hernia) is an injury of a totally different nature.

SIGNS AND SYMPTOMS:

1. A sudden sharp pain at the seat of injury.
2. When the muscles of a limb are strained they may swell and cause severe cramp.
3. Further exertion is difficult or impossible; for example, if the strain has occurred in the back the patient may be unable to stand upright.

TREATMENT:

1. Place the patient in the most comfortable position, and afford support to the injured part.
2. Apply a hot compress.
